These meetings, which take place on a broad range of subjects, are of a private nature and do not have any official significance.

The State of Jammu & Kashmir is an integral part of the Indian Union. A part of the territory of the State is under the forcible, and illegal occupation by Pakistan. Under the Simla Agreement and the Lahore Declaration, which are the cornerstones of India-Pakistan bilateral relations, both India and Pakistan are committed to resolving all issues peacefully through bilateral discussions. Government have reiterated their commitment to resuming the Composite Dialogue initiated by India in 1998. An appropriate environment is an obvious requirement for a meaningful dialogue. For this, Pakistan must end its sponsorship of cross border terrorism and abandon hostile propaganda against India.
